# PHILIPPINES FOR

Secretary of War Taft Outlines Government's Policy Toward Islands and Says Education Is What the People Need.

HOPES THEY WILL GET BEHIND THE TARIFF WALL.

Shows It Will Be Years Before They Can Govern Themselves -His Ideas of Aguinaldo and Death of Luna.

CAMBRIDGE, Mass., June 28.-Secre ary of War Taft talked on the Philiplines to the Harvard Law School Alumat Association to-day and answered some general questions, usually asked and administration of the islands. As to the future of the Philippines

Mr. Taft thought it unwise to promise conditional independence that would Oga the people away from the imunce of the present government.
"I am in favor of teaching the property how to govern themselves," said he, "and I cannot assume that such a esson, so difficult to learn, can be taught to a people 90 per cent. of whom are grossly ignorant to-day, without any political experience whatever, in five years, as some of our opponents say, or in twenty years, as

others suggest. Must Learn English.

"I regard the learning of English as one of the important steps in the educa tion of these people-important in creating a solidarity among the people and In enabling the people to understand each other; important in bringing them into touch with the Anglo-Saxon world where they shall drink in the principles

The Government in the Philippines included about as many Democrats as Republicans. The policy of the United States was "The Philippines for the

If ultimately the Filipinos were taken n "behind the tariff wall as I hope and ray they may," it would tend to de-relop the islands in such a way that he Filipinos might prefer to maintain 'some sort of bond so that they may be within the tariff wall and enjoy the market, rather than separate themtelves and become independent."

Had to Hold Islands.

Secretary Taft discussed the relation of the United States to the Philipph from nearly every point of view, riewing events in the islands from time when their disposition was left a ppen question in the protocol wit spain to the present gay.

He held that the United States could not have given the islands back to spain because of the alliance entered into with Aguinaldo. If they had been the return would probably! have led to another war.

He declared that the United States

another war.

He declared that the United State could not have turned the Ph trpine over to Aguinaldo, because there was no obligation or pledge to do so.

"It is clear," he said, "that the corruption and abuses of Aguinaldo's government and the certainty of anarchy that would follow, due to the neculiar conditions existing, would have made I an act of folly on the part of the American people, strongly to be condemned to abandon the islands."

The United States was then obliged to enforce its authority, said Mr. Taft and afterward to prepare the people of

Civil Rights for All. He asserted that civil rights save that it bearing arms and trial by jury were issured to everybody.

"The question is asked." he continued, whether a man may advocate the independence of the islands by a peace-tile means and be free from prosecution and persecution by the Government. My answer is that he may. There is a party—the Nationalist Party—a plank in whose platform is the obtaining of independence by peaceable means."

Points at Aguinaldo.

### FOURTH OF JULY MORE DEADLY THAN ANY FAR EAST BATTLE.

Here is something for patriotic Americans to read and keep in mind while they are celebrating the Fourth

On the last national birthday 463 lives were lost owing to injuries received from toy pistols, premature explosions of fireworks and carelessness in handling them. The most dangerous of all the things put forth to aid in the grand hurrah of July 4 is said to be the cannon

of Philadelphia, who compiled the following table of mortal statistics and who vouches for the reliability of his figures, says that July 4, 1903, had more victims than any of the battles so far fought in the Far East.

The following figures cover only the deadly work of Died of other injuries..... Totally blinded .....

leader of much cunning he spoke of the death of Antonio Luna, one of the Filipinos' lieutenants.

"Luna, who was far and away the ablest military leader of the losurgents," Mr. Taft said, "was entrapped into a visit to Aguinaldo's headquarters and a quarrel with the guard, who shot him. The persons in this country who have leadized Aguinaldo have indignantly repelled the charges that Aguinaldo compassed those two deaths, but one must say that the moral evidence is very etrong against him.

"He admitted to Gen. Funston that he caused Luna's death because he said Luna was engaged in a conspriacy against him.
"I do not wish to traduce Aguinaldo or to show that he is a murderer, in one sense, because I do not so regard him. What he did he doubtless thought to be justified by political exigency and

o be justified by political exigency and

KEPT PRISONER, SHE SAYS.

Property from Son.

Because Mrs. Margaret Mitchell, of Portchester, asserts she was kept a was, Mr. Taft said, non-partisan and and forced to give up property to her and signed.

Gray hairs often stand in the way of advancement for both men and women, socially and in business. Many men are failing to secure good positions just because they look "too old," and no one knows how many women have been disappointed in life because they have failed to preserve that attractiveness which so largely depends on the hair.

has been a blessing to thousands. It is a hair food, nourishing the roots, forcing luxuriant growth, covering baid spots, restoring freshness and life, and positively brings back gray hair to its youthful beauty and color. Hay's Hair-Health is not a dye, and its use cannot be detected.

OPEN ALL DAY SATURDAY, JULY 2: Want to give you plenty of time to select your Fourth of July outing requisites; but of course an early selection is always acroisable.

### Sale of St. Gall embroidered \$2 Swisses, 48c

ro the people who waited to see the result of this great sale of St. Gall embroidered \$1.50, \$2 and \$2.50 Swisses at 48c, we want to say that we wish you could have been here to see the crowds. Perhaps, though, it is better that you deferred your selection. We'll admit that we had all the customers we cared to attend in one day-all, in fact, that we could possibly wait upon. But come to-morrow. The diversity of colors and designs is still comprehensive, for 10,000 yards is a vast quantity of Swisses. There are plenty of the \$2.50 values.

\$3.60 enables you to select a bona-fide \$18.75 suiting, for these Swisses are 44 inches wide, and it takes but 7½ yards to make up one of those charming evening gowns, a dainty frock for the afternoon or a cool Summer dress.

Every imaginable color and design-dots, spots, lace effects, scroll effects, vines, flowers, buds, blossoms and fruit are embroidered in handsome contrasting colors—white, pink, light blue, tan, champagne, oxblood, cream, lavender and black. Not a yard in the lot worth less than \$1.50; most of them \$2 and a great many \$2.50—while they last, 48c.

5,000 yards of fine white Persian lawn-42 inches wide-regular price 35c., at 19c.

121/2 c. gingham in checks, mostly blue and white, at 8c. 29c. Panama suitings, dotted effects, 15c. 39c. white fancy madras for waists, 19c. 121/c. dress lawn, polka dots, 8c.

### \$1 silks for smart summer suits at 48c.

THE reason so many hundreds of smart dressers have selected this excellent quality \$1 Pongee silk at 48c. is that it takes but 10 yards to make one of those cool summer shirt-waist suits, bringing the cost of the material down to \$4.80—it is 27 inches wide. We overheard a woman say: "It's the best bargain I ever saw. I'll take 20 yards."

That shows the spirit of this unusual sale. Even with an extra force of clerks we couldn't cut up the silk into lengths fast enough, but we had 10,000 yards, and there's enough for all those who come to-morrow. But you must come Wednesday if you want a suit of this fashionable pongee silk.

Silks for shirt walst suits in the season's most desirable shades—those effective checks, stripes and smart Jacquard silks—not a single yard which you can duplicate elsewhere for less than 75c. per yard -it will be a great treat to-morrow at the extremely low price of 48c.

Great sale bathing suits, \$2.95 YOU can go to most any store and buy an ordinary

bathing suit at \$2.95, but there's only one store where you can buy this exceptionally high quality at that price -Simpson Crawford Co.'s. Third Floor.

It's a very smart styleone you'll be proud to wear in the waves. \$2.95 nothing to become water-soaked and weigh you down

We don't sell cheap bathing suits at all. The difference between ours and many others is that ours are made of material that is so treated as to render it as impervious to water as a duck's back, so there's

We have other suits at higher prices - all in all the finest showing in New York. Be glad to send you one if you're away in the country—order by mail.
